

The LEAP Program for 2025-2026 begins November 1, 2025. LEAP runs from Nov. 1 through April 30 of every year.

LEAP is designed to assist low-income households with paying their winter home heating costs but is not intended to pay the entire cost of home heating or utility usage. LEAP benefits are available to all eligible persons/households without regard to race, color, sex, age, handicap, national origin, political or religious beliefs.

LEAP cannot assist or provide a benefit for any type of portable heating systems.

After you apply, do not ignore your heating bill. If you are approved, LEAP will not pay your entire heating bill. Continue to pay something on your bill to avoid disruption of service. It may take 30 days to process your application.

Applications are available at the Department of Human Services 8900-C Independence Way, Alamosa CO 81101 (719589-2581). You can also apply on PEAK https://peak.my.site.com/peak/s/peak-landingpage?language=en_US

Review your application before you turn it in. Make sure you've answered all the questions and have attached all the requested information. Your attention to detail now helps us to process your application quicker. If your application is not complete, we cannot process your request. The sooner your application and verifications are received, the sooner it will be processed.

You should utilize the following list to insure you have provided enough verification to determine eligibility with your LEAP application:

1. I have answered all questions in all sections on my application.
2. I have included social security numbers and birth dates for all household members (I have listed all persons living in my home somewhere on the application).
3. I have attached a copy of documented non-citizen verification.
4. I have attached proof (copies of pay stubs, award letters, loans, etc.) for all income received by my household for the month before my application date. (example: you turn your application in on 11/5/2024, we will need verification of income from 10/5/2024-11/5/2024)
5. I have attached a copy of my most recent heating (not lighting) bill showing company name address and account numbers.
6. I have attached a copy of my most recent rent receipt that shows the address where I reside on it (if heating costs are included in rent). The rent receipt must clearly show heat is included in rent.
7. I have attached receipts for all expenses claimed on my profit and loss statement for self-employment income.

8. I have signed my application.

Due to lack of funding we will not be helping with water bills
